Charity Profile

About

The American Red Cross (ARC), also known as the American National Red Cross, is a humanitarian organization that provides emergency assistance, disaster relief and education in the United States.

Milestones

According to ARC, during and after hurricanes Katrina, Wilma and Rita, they opened 1470 shelters and registered 3.8 million overnight stays. 300,000 Red Cross

09:52 AM

(82% unpaid) provided sheltering, casework, communication and assessment services throughout these events.

As of March 2011, ARC announced it had allocated \$314 million for Haiti earthquake relief and recovery. ARC funded recovery projects to provide transitional homes, health services, disaster preparedness, water and sanitation improvements and livelihoods development. It provided funds for school fees for affected families. As of June 2011, ARC had raised approximately \$484 million for Haiti relief and recovery reports.

A series of blistering reports by NPR and ProPublica, however, found that much of the money Americans donated never made it to help people in Haiti and promises to rebuild neighbourhoods were never met.
